- Assisted in project documentation and data organization.
- Supported technical staff in field investigations related to environmental management, climate change, pollution/erosion control and renewable energy-related.
- Supported field investigations and reports

Field Work Coordinator / Data Analyst (Industrial Training)

December 2022 – May 2023

Keydrill Resource Limited, Awka, Anambra State

- Organized fieldwork activities and managed data collection for geological surveys.
- Assisted in data analysis using IPI2win and interpretation for project reporting.

- Learned practical integration of energy solutions in environmental project.

Sales Agent (Part-Time)

January 2022 – December 2022

Sky Best/New World Paint, Nnewi, Anambra State

- Advised customers on product selection for construction projects.
- Developed customer service and sales negotiation skills.

RESEARCH WORKS AND PROJECT

- Mineral Distribution and Gully Investigation in Calabar Metropolis (Published on ResearchGate)
- Undergraduate Thesis: Geology of Ogbunike and its Environs

PROFESSIONAL AFFILIATE

- Member Society of Exploration Geophysicists (SEG)
- Member Nigerian Mining and Geosciences Society (NMGS)
- Member Nigeria Association of Petroleum Explorationist (NAPE)

AWARDS

- SEG Best Group Presentation 2021 SEG WEEK, UNIZIK.
- NMGS 3rd Best group Presentation 2021 Departmental week, UNIZIK.

EDUCATION

Nnamdi Azikiwe University, Awka, Anambra State, Nigeria
Bachelor of Science in Geology
Graduated: December 2023

Tansi International College
West Africa Examination Council (WEAC) Certificate
Graduated: July 2019
